Officials training - US lacrosse

Open to all current officials or do we focus on new officials. Is this a certified officials training?

If this the three day class with on the field training?

Justin will clarify all this with Sara Newman to see what exactly is offered before we move forward.

Would Call the Game be included?

PE Training – after along discussing it was concluded that our efforts were better served somewhere else, rather than bring Fast break to KC to pursue this.

Individuals who have contacts are encouraged to set up PE training on their own.. we are happy to provide resources ect.. but there will be no Formal curriculum at this point.

Coaches – please let us know any teams, youth or high school that need coaches. We can assist in finding them.

Our web site will be resource to link groups together – not a season management site.

We want something efficient, low maintenance. Any contact information you may have to teams – please send to Julie Wittman.

Julie will send out an email this week with what she needs.

Tim Hannon has some contacts he can pass onto Julie.

They will meet and work together to get the site up and running.
